47TH VOLUME OF

THE ELL ESS PE

Yearbooks are read in the present to remember the past. It is the earnest hope of the 1957 Ell Ess Pe staff that the events of this year — how they happened, when they happened, and as they happened will be fondly cherished by you a student at

LA SALLE-PERU TOWNSHIP HIGH SCHOOL

LA SALLE, ILLINOIS

Dear Ell Ess Pe,

Summer has sped by and swimming suits and tennis rackets are put away while thinking caps are being taken out of storage. The halls, so quiet and empty for the past three months, once again resound with hurried footsteps, banging lockers and friendly voices. We find ourselves surrounded by familiar scenes — classrooms, the cafeteria, library and auditorium. Along with the new school year come many changes — subjects, teachers, friends and even our outlook. After the usual confusion during the first few weeks of school, things settle down to normal as we settle down to studies. Too soon the first six weeks is over and the first report cards are issued accompanied by our firm resolutions to do better the "next time".

Even though seventh period has ended, the school day is NOT over —no, not in the least. For you see, Dear Diary, that's when our clubs spring into action. We have so many clubs—to increase our knowledge in some favorite subject or to help us prepare for our chosen career.

Clubs aren't the only activities—we have a band and a chorus where the musically inclined can make use of their talents. We have our own United Nations in the form of Student Council whose purpose is to make our days at L-P unforgettable. And who of us can truthfully say that we have forgotten the times we spruced up for the Tea and Prom?

By being in clubs, the band, chorus, student council, participating in the talent show or working on a float for the homecoming parade, we feel that we belong and after all, belonging is the most important and satisfying thing that can happen to us.

Charles,
To Mrs. Plummers
favorite pupil.

Nowadays, a much discussed topic is the theory of word association. When the word "sports" is mentioned, we think of competition where victory and defeat are inevitable; how we accept them is important.

This year basketball and football season ticket sales and school spirit reached new heights. All of us backed our teams . . . all of us knew the exultation in victory and the heartache in defeat.

Dear Diary, we're proud of all our teams regardless of their record; we know they tried their best to live up to the name L-P and all that it stands for. Our hats go off to the victors but our hearts go out to those who graciously accept defeat.

Know something, Diary? We've got some of the best teachers ever, only we don't realize it or appreciate them until the end of the year. I suppose the main problem is that we just don't understand them.

Most of the time we seem to forget that they ARE human .... that they have their good as well as their bad moods .... that they enjoy a funny joke, a good movie or a pork and coke just as much as we do. We "gripe" about long assignments, hard tests and that "unjust reprimand" while we completely forget about the good grade on the theme, the explanation of that tough math problem or the study period at the end of class.

Teachers can be found everywhere .... in classes, at games, presiding over club meetings and "lurking" in the hall just when we're speeding it up so we won't be late for class. We don't give them credit for all the help and time they devote in our interest.

We complain about this and that all year long but June usually finds us saying, "I hope I have as nice a teacher next year."

Mrs. Katherine Schalla

Mrs. Schalla is retiring at the close of this school year after forty-three years of service.

When the gymnasium was opened in 1914, Mrs. Schalla was employed to teach swimming to the high school girls and to assist in the cafeteria.

In 1936, when the new high school wing and cafeteria were opened, Mrs. Schalla was made Director of the Cafeteria and devoted full-time to this assignment. She has continued in that capacity up to the present time.

Her work is very important to the health and happiness of the L-P family. All those connected with the La Salle-Peru Township High School and La Salle-Peru-Oglesby Junior College will miss her. We wish her health and happiness.

Mrs. Gus Pelkey also retires this year. She has assisted in the cafeteria for the past ten years.

In June of 1957, Miss Leota Miller will have completed 33 years as teacher of Latin at L-P. During most of these years, she acted as chairman of the Language Department.

Before coming to La Salle, Miss Miller taught a few years in Iowa, South Dakota, and San Juan, Puerto Rico, where she was appointed by the Department of the Interior at Washington, D. C.

Miss Miller received her university degrees from Grinnell College, Grinnell, Iowa, and the University of Southern California at Los Angeles, California. She has done considerable graduate work at various universities around the country.

She is a member of the Classical Association of the Middle West and South, and the Classical Society of the American Academy in Rome, the La Salle Woman's Club, and an associate member of the Illini Chapter of the Daughters of the American Revolution at Ottawa, Illinois.

Well, Dear Diary—

The school is an absolute beehive, just as bustling and just as crowded. There are so many freshmen—lost freshmen—going through the same torments that must be tolerated every year by the "freshies".

The sophomores—so wise in their new-found knowledge, have completely forgotten that just last year they were in a similar predicament.

The juniors—at long last—upperclassmen—admired and revered by the underclassmen and pleasantly tolerated by the seniors—undertake their responsibilities with the pride and dignity known only to juniors in their happy state.

Last, but certainly not least, we enter that hallowed domain of the seniors, who have worked and waited for four long years and with the coming of graduation are a little reluctant to leave and entrust the heavy burden of leadership to the juniors.

Graduation day has come and gone—the climax of the school year is here—as another year has sped by—————
